15h30-15h45: Mayor of Strasbourg: welcome words

This session will be attended by mayors from Lebanon, Uganda, Haiti, Central African Republic.

15h45-17h00

We propose to have a common session with the Global alliance of urban crisis that is will have parallels to the UCLG executive bureau his annual “all members” meeting.

1. How the UCLG Task Force can better interact with the GAUC and their members?
2. What is the visible progress (from diverse panellist perspectives) over the last two years on key WHS issues, such as localisation and the nexus;

¹ This program aims to build the capacity of local governance institutions and other local stakeholders, through trainings and mentoring during 5 deployments (the first 2 deployments are on-going in Haiti and Central African Republic), thereby ensuring local stakeholders have an increased capacity to respond efficiently to the needs of affected communities, in coordination with international stakeholders.
